

Various activities

Design Dance Theatre

Musical Theatre + Open Style Dance. In each program, students will study the history, musicality, technique and choreography of the dance form all while practicing the core elements of dance: body, action, space, time and energy. Each program will culminate in final presentation where students showcase their learnings for peers and family members.

CHOCO

CHOCO is Cleveland helping others in the community. This is a service club that schedules activities to help out the school and community. In the past they have had a neighborhood clean-up, helped at a food pantry, raised money for PAWS, had a food drive and donated to a local pantry.

The Nutrition Club

Children learn about making healthy food choices and participate in making healthy snacks. They also learn where food comes from and how it goes from the farm to the table.

Cursive Club

Using a workbook students will make the transition from printing to cursive writing. In addition the workbook students will be practicing completing short writing assignments in cursive.

Social Skills Club

Under the direction of a teacher students will learn and talk about various social skills and how to use them in situations. In addition, students will be mentored in how to react with peer pressure, bullying and making appropriate choices.

Art Club

Will focus on various types of media to create and produce various craft and art projects.

Chess Club

Student will work with a teacher to learn the fundamentals of chess and how to play to game.

Youth Sports

Students will learn the fundamentals of playing various sports such as soccer, basketball, volleyball and track.

Cheerleading

Students will learn the fundamentals of cheerleading.
